### South Africa hosts 5<sup>th</sup> TB Conference, Durban ICC: 12-15 June 2018

**Pretoria:** The government in partnership with the Foundation for Professional Development will host the 5<sup>th</sup> SA TB Conference in Durban from 12 - 15 June 2018 under the theme: "***Lets embrace all to end TB***".

The delegates will use this opportunity to review successes in the battle against TB in Southern Africa, and also to outline the challenges faced, especially in relation to finding the missing cases, drug availability, the social and biological determinants impacting on the TB cascade and the effective integration of systems that ensure the pandemic is properly managed.

The Conference will be officially opened by the Deputy President, Mr David Mabuza and Health Minister Dr Aaron Motsoaledi, and will be attended by delegates who include medical scientists, specialists and all other clinicians dealing with TB patients and their families, social scientists and representatives from the public sector, patients and people affected by TB, traditional healers, NGO and faith-based sectors and the corporate sector.

Members of the media are invited to attend and cover the conference proceedings.
