CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

NDOH 27-2017-18: DRAFT TERMS OF REFERENCE: VAT FOR NDOH GLOBAL FUND GRANT

Background Information

Department of Health (NDoH), one of five South African Global Fund Principal Recipients, is responsible for the management of the “Investing for Impact against Tuberculosis and HIV” grant. The grant is managed by the Global Fund Program Management Unit (PMU) located at the NDoH with the Country Coordinating Mechanism (CCM) providing oversight.

This grant is considered a good strategic investment to leverage the Global Fund’s investment to improve the overall effectiveness of the national response. The grant focuses on a) to reduce new HIV infections by at least 50% using combination prevention approaches, b) to initiate at least 80% of eligible patients on antiretroviral treatment (ART), with 70% alive and on treatment five years after initiation, c) to reduce the number of new TB infections as well as deaths from TB by 50%, d) to ensure an enabling and accessible legal framework that protects and promotes human rights in order to support implementation of the NSP and e) to reduce self-reported stigma related to HIV and TB by at least 50%.

Justification for appointment of service provider for VAT

The Global Fund expects the Principal Recipient to ensure that the procurement of any goods or service using Grant funds by either the Principal Recipient and/or its Sub-recipients is VAT exclusive. It is important that the National Department of Health Global Fund submits its VAT returns timeously and accurately in accordance with all VAT related legislation. Any VAT due or receivable by the National Department of Health Global Fund at financial year end will result in a VAT related creditor or debtor that needs to be disclosed in the Annual Financial Statements. In view of the limited capacity and experience in NDOH in respect of VAT administration, the Principal Recipients have identified the need to source an external service provider to support the Global Fund grant VAT administration.

Rates should be inclusive of overheads and VAT inclusive based on the hours stated below. These are the only levels of resources that the Service Provider must quote as per the table above.

It is recognised that it is difficult for a prospective Service Provider to bid on the extent of the work solely on the terms of reference. However, to assist with assessments, a Service Provider must provide a typical distribution of time for members of the VAT Administration team on a bid of this nature. The total hours for the project is 2350 hours over a period of 12 months. A **minimum of 10% must be allocated to management for monitoring and reviewing of the work.** Management level will be considered as two levels including the project manager or senior responsible for the project (A person responsible for final signing off).

ATTACHMENT A

EVALUATION CRITERIA
The Global Fund will assess the extent to which proposals submitted in response to this terms of reference meet the evaluation criteria below.

If service provider does not meet the above requirements will be disqualified automatically.

**TECHNICAL EVALUATION CRITERIA**

In assessing each proposal, the National Department of Health will allocate greater importance to technical factors than to cost factors. A two stage procedure will be utilized in evaluating the proposals, with evaluation of the technical proposal being completed prior to any price proposal being considered; and cost evaluation is only undertaken for technical submissions that score above the minimum.

The score assigned to each proposal will be of guidance in determining which proposal would provide the greatest value to the National Department of Health. However, the National Department of Health reserves the right not to employ raw scores in determining best value where it considers, in its sole discretion, that this would not be appropriate.

If service provider does not meet, the above requirements will be disqualified automatically.

Technical proposals will be evaluated based on the following Evaluation Criteria for Phase 1.
