Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.

Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

REQUEST FOR PROPOSALS TO PROVIDE ACTUARIAL VALUATION SERVICES FOR THE COMPENSATION FUND – COMPENSATION COMMISSIONER FOR OCCUPATIONAL DISEASES IN MINES AND WORKS

The Compensation Commissioner invites proposals from service providers that can render actuarial valuation services for the Compensation Fund.

The services required are as follows:

1. Provide actuarial consultation and advisory services over a three year period (2015/16 – 2017/18). These services may be delivered in meetings, by telephone or through written correspondence. The Fund expects these services may include presentations to the Advisory Committee, the Audit and Risk Committee and other governance structures.

2. Perform all services within the scope of the contract under the direct supervision of a qualified actuary. An approved actuary must have at least 10 years of experience or have a designation as Fellow of the Society of Actuaries. The Fund reserves the right to reject the firm’s choice of a consulting actuary.

3. Perform the actuarial valuation for the Fund on an annual basis in order to establish the Fund’s solvency. Valuations must be conducted in accordance with the most recent generally recognized standards for actuarial work. The valuation report must contain detailed explanations and provide all information required for inclusion in the Fund’s annual financial reports. (A sample report and final presentation should be included as part of the proposal submission).

Notes:

1. The last valuation of the Fund was carried out in the 2010/2011 Financial Year. The Fund provides for loss of earnings for TB and lump sum payments for first degree and second degree certified compensable diseases in workers and ex-workers in controlled mines and works. In addition the Fund has approximately 100 pensioners on its books.

2. The valuation has to consider current and unpaid claims within the Fund, assessments of potential claimants within the Medical Bureau for Occupational Diseases (MBOD) and also potential claimants that work in controlled mines and works or previously worked in controlled mines and works.
3. The valuation has to consider the potential of claimants to contract TB as well as move from first degree to second degree.

4. There may be data gaps that need to be assessed as well as a proposal as to how to fill the data gaps.

5. All data provided to the firm by the Fund should be considered confidential unless declared otherwise, in writing, by the Commissioner. The Fund expects the firm to route all requests, reports and all other communication in connection with this assignment through the Commissioner or an appointed designee.
