CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. Purpose

To contract a service provider/s for the recruitment, contracting, placement, service quality management and payment in cooperation with NDoH, provincial health departments and health district management of private Health Practitioners (HPs), to provide promotive, preventive and clinical services in public health care facilities.

2. Background

The National Department of Health (NDOH) has embarked on an agenda of health sector reform which is aimed at strengthening the health system to improve health outcomes. Several new initiatives are paving the way for the introduction of National Health Insurance (NHI) which is expected to deliver universal access to high quality health services in the long term.

The National Department of Health (NDOH) has already started the process of contracting General Practitioners (GPs) who are currently providing the services in public primary health care facilities. NDoH wants to extend the contracting process to include other Health Practitioners other than General Practitioners.

Based on the urgency of implementing this initiative, coupled with the capacity constraints to recruit and contract at a district, provincial and national level, the National Department of Health is considering outsourcing the recruitment, contracting; performance management and payment of the HPs contracts, to a Service Provider with experience in contracting private HPs.

This phase of the work is seen as an interim step until the institutional arrangements for NHI purchasing are in place. This may involve the strengthening of purchasing capacity within the existing District Health Management Teams (DHMTs) or the creation of District Health Authorities (DHAs). This phase will also inform the development of the purchaser/provider split.

Contracted HPs will be expected to complement the work of the existing health practitioners currently employed in the public health care facilities and the contracted Health Practitioners roles and responsibilities will include but not restricted to the following:

1. Provision of promotive and preventive services as per Primary Health Care package of services taking into consideration the burden of disease of the community being served by the clinic
2. Management of other minor ailments;
3. Managing the health of women and children;
4. Provision of rehabilitative services such as adherence to referral protocols to all relevant points of service;
5. Deliver services as per the service package of the relevant health facility.
7. Ensure compliance with the Essential Medicine List (EML).
8. Respond to emergencies.
9. Compliance with clinical governance requirements, such as appropriate record keeping and referral
10. HPs shall be required to attend training and orientation (especially as it relates to new guidelines)

3. Scope of work

The successful bidder(s) will be expected to recruit and contract Health Practitioners to work in one or more of the following 10 NHI pilot districts:

1. Dr Kenneth Kaunda District (North West Province)
2. Eden District (Western Cape Province)
3. Gert Sibande District (Mpumalanga Province)
4. OR Tambo (Eastern Cape Province)
5. Pixley ka Seme District (Northern Cape Province)
6. Thabo Mofutsanyana District (Free State Province)
7. Tshwane District (Gauteng Province)
8. UMgungundlovu District (KwaZulu-Natal Province)
9. UMzinyathi District (KwaZulu-Natal Province)
10. Vhembe District (Limpopo Province)

Service Providers may also bid as consortia to leverage district coverage and drive down costs.

The services to be delivered by the Health Practitioners will be specified by the NDoH. The contract to be used for contracting the Health Practitioners will be a standard national contract, supplemented by local specifications in the service level agreement as needed.
