CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier’s notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier’s time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier’s expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

endorsed on the Register for Tender Defaulters. When a person’s name
has been endorsed on the Register, the person will be prohibited from

APPOINTMENT OF A SERVICE PROVIDER TO UNDERTAKE AN INDEPENDENT EVALUATION OF THE NATIONAL HEALTH INSURANCE IN-KIND CONDITIONAL GRANT FOCUSING ON CONTRACTING OF HEALTH PRACTITIONERS AND THE CENTRALISED CHRONIC MEDICATION DISPENSING AND DISTRIBUTION PROGRAMME

BID SPECIFICATION INFORMATION
BACKGROUND

The National Health Grant (NHG) was created as an earmarked funding arrangement intended to support the National Department of Health (NDOH) to undertake key strategic interventions in the piloting of National Health Insurance (NHI). The NHG has two components, namely (1) Infrastructure and (2) NHI In-kind component. The NHI In-kind component is further sub-divided into two sub-components, namely: (a) Contracting of Health Practitioners and (b) the Centralised Chronic Medication Dispensing and Distribution (CCMDD) programme.

RATIONALE

The preparatory work for the phased implementation of NHI that is funded through the NHI in-kind conditional grant requires that “The national Department of Health must put in place an evaluation strategy using independent external experts to evaluate the interventions funded through this grant”. The independent evaluation is expected to provide an in-depth assessment of the implementation successes and challenges, as well as to develop a succinct set of recommendations on what needs to be changed to ensure scalability of interventions and/or improved performance and highlight factors (internal and external) that affect implementation.

OBJECTIVE

The primary purpose of this work is to undertake a detailed in-depth independent evaluation of the various systems, processes and activities that have been undertaken by the Department as part of the NHG NHI In-kind component focusing: (a) the contracting of health practitioners and (b) the roll-out of the CCMDD programme.

METHODOLOGY CONSIDERATIONS

The focus of the independent evaluation is to collect and collate in-depth qualitative and quantitative data regarding the various systems, processes and activities that have been undertaken by the Department as part of the NHG NHI In-kind component focusing on the contracting of health practitioners and the roll-out of the CCMDD programme. This will include contribution to generating key information needed for further future rollouts and implementation of activities funded through the NHG NHI In-kind conditional grant. As such, it is important that in planning the evaluation, viable options for effective measurement of outputs and outcomes is considered.

The evaluators are required to carefully consider the suitability and feasibility of design options for the independent evaluation that are likely to offer the best chance of establishing the performance of the grant, taking into account all factors that may hinder or support effective implementation as per the provisions of the grant framework contained in the DoRA 2015/16.
The work will have to be conducted in all 10 NHI pilot districts (see names in Annexure) and a sampling approach will be required with regards to collecting and collating the required information.
