THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$10 million.
or
 - (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$10 million.
or
 - (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million.
or
 - (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.

- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

- 2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

- 3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

- 3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

- 3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Elias Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

- 4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:

- a. the contractor and the DTI will determine the NIP obligation;
- b. the contractor and the DTI will sign the NIP obligation agreement;

- c. the contractor will submit a performance guarantee to the DTI;
- d. the contractor will submit a business concept for consideration and approval by the DTI;
- e. upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- f. the contractor will implement the business plans; and
- g. the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

Specifications for appointment of a service provider to assess the public mental health system's ability to cater to the needs of children and adolescents with psychosocial disabilities

April 2022

INTRODUCTION

1. The National Department of Health (NDoH) will appoint a service provider to assess the public mental health system's ability to cater to the needs of children and adolescents with psychosocial disabilities.

BACKGROUND

2. Recommendation 9 of the Health Ombuds recommendations contained in the Report into the Circumstances Surrounding the Deaths of the Mentally Ill Patients: Gauteng Province states that "The National Minister of Health should request the SAHRC to undertake a systematic and systemic review of human rights compliance and possible violations nationally related to Mental Health".
3. The Minister of Health complied with the Recommendation and requested the South African Human Rights Commission to conduct such a review. The South African Human Rights Commission (SAHRC) conducted a national investigative hearing on the status of mental health care in South Africa in November 2017 and released the Report on the National Investigative Hearing into the Status of Mental Health Care in South Africa in March 2018.
4. One of the key findings by the South African Human Rights Commission contained in the above-mentioned Report was that *"Services for children and adolescents are neglected. There is an urgent need to address the needs of children and adolescents with intellectual and psychosocial disabilities. While mental health overall is a neglected area, this particular sub-field is especially under-prioritised, with the result that violations of the rights of this group are perpetrated regularly in the form of cruel, degrading and inhumane treatment that places them at risk for abuse. South Africa is in direct contravention of the Constitution and the CRC in this regard. The rollout of the ISHP is an important step, but high numbers of children with disabilities are not enrolled in school and the shortage of beds in existing facilities specifically for children and adolescents with intellectual and psychosocial disabilities remains a concern. A rights-based approach would suggest that the mere adding of these beds would be insufficient, however, as more needs to be done to integrate these affected persons into their communities and to provide appropriate community-based services using hospitalisation only as a last resort. It will be essential to develop community-*

based rehabilitation and psycho-social rehabilitation services to implement the integration of children and adolescents into their communities. This is likely to require dedicated rehabilitation staff which are available even in rural areas”.

5. To address the above-mentioned finding the South African Human Rights Commission’s made a Recommendation that the National Department of Health must “*Assess the public mental health system’s ability to cater for the needs of children and adolescents with psychosocial disabilities. Such an assessment should detail the exact number of minors considered mental health care users and exact information regarding children and adolescents in psychiatric institutions (including those housed in adult wards) as well as the number of children and adolescents identified as having a mental condition and/or emotional, psychological or behavioral problems. Where gaps are highlighted, plans to address these gaps must ensure that: children and adolescents with intellectual and psychosocial disabilities and mental conditions are no longer admitted to adult wards; and oversee systemic changes to current health infrastructure to guarantee the availability of community-based child and adolescent mental health services managed by stakeholders that include their caregivers, school and community”.*
