

CALL FOR THE SUBMISSION OF INFORMATION FOR THE ESTABLISHMENT OF A NATIONAL DATABASE OF REGISTERED NON-GOVERNMENTAL ORGANISATIONS OPERATING IN THE NON-COMMUNICABLE DISEASES (NCDs) SECTOR

The National Department of Health (NDoH) recognises the important role played by nongovernmental organisations (NGOs) in the prevention and control of non-communicable diseases (NCDs). Effective prevention and control of NCDs require a coordinated multisectoral response involving government, NGOs, community-based organizations, professional associations, patient advocacy groups, academic institutions and other stakeholders.

To support this approach, the NDoH is establishing a comprehensive national database of registered NGOs operating in the NCD sector. The database will facilitate stakeholder engagement, communication, consultation and coordination of activities in support of the implementation of the National Strategic Plan for the Prevention and Control of Non-Communicable Diseases 2022–2027. It will also inform the Department's stakeholder engagement processes towards the establishment of a representative Multisectoral Coordination Mechanism for NCDs.

The NDoH therefore invites all registered organisations involved in the prevention, health promotion, treatment, rehabilitation, research, advocacy or support of people affected by NCDs to submit their organisational details for inclusion in the national database.

The following information should be submitted: name of the organisation; registration number (NPO, NPC, Trust or other applicable registration); physical and postal address; Province(s) of operation; areas of work or programmes relating to NCDs; name and designation of the head of the organisation or authorised representative; contact person; telephone number(s); email address and website and/or social media platforms (where applicable).

Submissions should be sent to: Mr Vincent Kgotse at Vincent.Kgotse@health.gov.za on or before 25 September 2026.

Enquiries can be directed to Dr BA Ndlovu, Directorate: Chronic Diseases at Busisiwe.Ndlovu@health.gov.za

Submission of information is solely for the purpose of establishing a national stakeholder database and does not constitute accreditation or endorsement by the National Department of Health.

Closing date for submission: 02 October 2026
